"My first year as an AHIMA student member has been very beneficial. I have met some awesome, intellectual, educated, and self-driven people; people who did not mind sharing their experiences and success stories. AHIMA is full of benefits and free educational tools and motivational inspirations. I look forward to a very long and successful career with AHIMA."

"One of my favorite benefits is being part of the Engage Online Communities. [Engage] has helped me with school assignments and has showed me that everybody in the field has questions to be answered. It takes some of the pressure off needing to know everything."
