

Are you Made for driving the financial health of New York's top health system?

Revenue Cycle Professionals Front & Back-end department opportunities

With 23 hospitals, more than 650 ambulatory facilities and much more, Northwell Health is enjoying exciting and consistent growth. The outstanding people in our Revenue Cycle Department play a vital role in ensuring our financial strength and wellness. Right now, we have a wide variety of opportunities for Truly Ambitious individuals to help us innovate the way care is delivered. We're committed to investing in your success through:

- State-of-the-art technology and processes
- Ongoing learning, training and development
- A unique culture that encourages, empowers and rewards your achievements

We have positions for experienced professionals looking to leverage their expertise to drive operational excellence as well as opportunities for new grads wanting to gain valuable health care and revenue cycle experience! Front and back-end roles are available.

Front End

We're looking for team members with hospital revenue cycle experience working with insurance companies and patients. Ideal candidates will have prior supervisory or management experience and expertise in the following areas:

- Patient registration
- Pre-service and point of service collections
- Insurance verification and pre-authorizations

Back End

We're seeking ambitious individuals with experience in hospital revenue cycle billing and collections for government and commercial payers. Supervisor, Manager and Trainer candidates should have experience in:

- Back end revenue cycle and/or accounts receivable operations experience
- Experience with hospital billing, collections, denial management, and payer management
- Knowledge of revenue cycle system applications
- Building, developing, and delivering revenue cycle training programs
